WHAT'S DRIVING YOUR INDEPENDENCE? WHAT DOES FREEDOM LOOK LIKE TO YOU?

HAND CONTROLS

After training from a certified OT, you can have hand controls installed in virtually any car designed specifically for you!

WHEEL CHAIR LIFTS

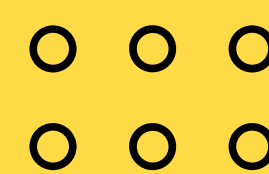

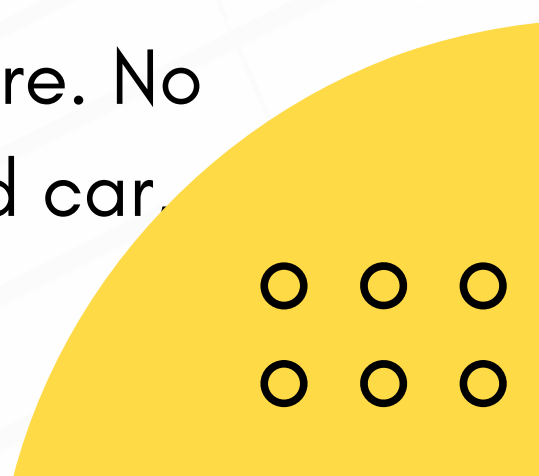

To help get you and your mobility device around, wheelchair lifts installed in your vehicle can be the world of difference.

TRANSFER SEATS

These seats can swivel out and down from a vehicle to make getting into your car much easier, safer, and quicker.

VEHICLE CONVERSIONS

If you're in a wheelchair, or someone in your family is, a van can help get you to doctor's appointments, family events, and more. No more lifting in and out of a standard car. just ride in, secure, and go!

Hand Controls

products best
suited for your
needs and we
make it Work!**

KEEPING YOU CONNECTED TO THE PEOPLE & PLACES YOU LOVE.

We think freedom looks like
this! Fast, safe and easy to
use, the Turny Evo takes
independence to a new
level!

WHEELCHAIR RAMPS

Even the best wheel chairs and scooter have limitations but whether putting it inside or out, your own mobility and independence is priceless.
